Nature Hunting

There are lots of great ways to to hunt for nature. Here are three for you to look for.

Nature Treasure Hunt.

What you will need

Paper

scissors

double-sided sticky tape

Get Hunting

Using the attached grid, add a strip of double-sided sticky tape under the name of each item, and remove the second side of tape just before your walk. See if you can find each item and place it on to the sticky tape as you explore.

Remember to only pick leaves and flowers which have fallen to the ground.

You can also cut out a strip of card and make a nature bracelet: Add a strip of double-sided tape to a cardboard band which fits around your wrist. Secure with normal sticky tape. Add items to your bracelet as you go!

Yellow petal

Blade of grass

Piece of bark

Small twig

Small stone

White petal

Round leaf

Feather

Nature Hunting

Nature Hunt Square

What you will need

A piece of paper/card or an old picture frame

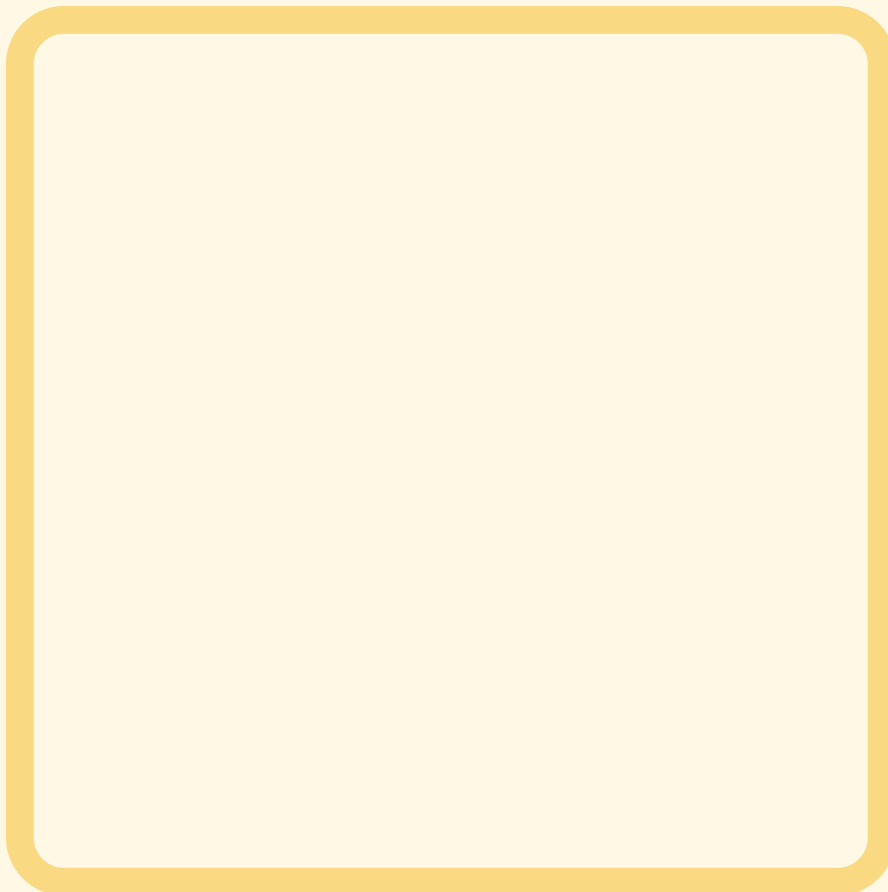

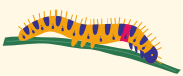

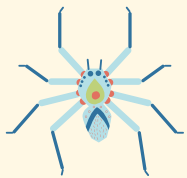

Cut out the paper/card to make a frame

Get hunting

Place it on the grass and draw what you can see.

Look closely, can you see any bugs? Pebbles? Are there wild flowers in your square?

Draw what you can see in this square:

Nature Hunting

Tiny Nature 'Treasure Chest'

What you will need

Empty matchbox

Get hunting

Get a matchbox and see how many tiny bits of nature you can fit inside.

Challenge your family and see who can fit the most in a box.

Why not do a time challenge and see how many tiny bits of nature 'treasure' you can collect?
